Deputy Chief, Communications Division

Proposed Statement of Policy on Near East Network

1. Attached is a proposed statement of policy concerning the Near East network, its fiscal, technical, and general administration. It also embodies recommendations as to action which should be taken in order to integrate the communications project with intelligence operations in the area.

2. It is requested that a communications representative be sent from Washington to the Near East for purposes of security indoctrination of personnel presently operating in the field. The representative will further realign personnel into the new pattern
